

1. Tools
 - a. Electronic brail machine
 - b. Tactile sign language
 - c. Print on palm
2. Access to resources, gender equality, access to marriage. she talks about her because hellen keller was apart of groups that included her
3. Barriers exist because groups are not inclusive and do not want to accept people wil disabilities.
 - a. On campus there is only one dorm building and one floor of that dorm building that is wheelchair accessible. If someone is in a wheelchair they can not visit their friends in their drom, the friends must come to them. This could be solved by adding ramps and elevators. The dorms could use some in addition to more accessibility features.
4. Features
 - a. Voice over
 - b. Dynamic Type
 - c. Captioning
5. The start
 - a. Installing an elevator after the building had been built
6. Increases access for consumers and you
 - a. Disabilities are largest minority group
 - b. All people can benefit.
